

Mumbai ITAT announces e-filing portal

Owing to the Covid-19 pandemic, our country is facing hardships in the litigation field. In such a scenario, digital strategies have become the most effective way forward for judicial / quasi-judicial institutions

In order to address these hardships, the Hon'ble President of Income Tax Appellate Tribunal ('ITAT'), Justice Pradeep P. Bhatt has announced that the E-filing portal of ITAT is ready to be launched subject to compliance of Government of India mandated security audit. It is anticipated that the Standard operating Procedures and detailed guidelines in connection with the use of E-Filing Portal shall be announced once the portal is launched

Announcement of such e-filing facility is a welcome move to enable an economical and seamless experience of filing of appeals/ applications before the ITAT. The e-filing portal is expected to entail benefits to the taxpayers, tax consultants and other stakeholders
